

# Favorable Atlantic Salmon Habitat

Possible Habitat

This Map shows the abundance of Dams that intersect the same habitat values as the known Salmon habitat. This makes the area less suitable for Atlantic Salmon

Known Habitat

This Map shows the location of know ideal Atlantic Salmon habitat located in Maine's river systems

## Legend

- Town Lines
- ◆ Dams

## Ideal Habitat Values

### Value

- Poor
- Fair
- Good
- Excellent

1:4,210,302

Data was obtained from the Maine Office of GIS.  
 Map Projection: Universal Transverse Mercator Zone 19N NAD 1983  
 Map is intended for visual interpretation of salmon habitat in relation to dams and habitat values.

## Legend

- Town Lines
- ◆ Dams
- Salmon Habitat
- Rivers

The Map was generated by Chris Coates & Andrew Brown using ARC 9 software on April 30th, 2007
