

Applied Forest Management

(Associate's of Science)

ABOUT THE PROGRAM

- 🌲 Five semesters to complete
- 🌲 Conservation based
- 🌲 Promotes sustainability
- 🌲 Faculty worked closely with forestry professionals to develop curriculum to satisfy employers
- 🌲 Skills attained include boundary surveying, forest inventory & mapping, and supervision of harvesting

CAREER OPPORTUNITIES

- 🌲 Forester
- 🌲 Forest Technician
- 🌲 Forest Operations
- 🌲 Supervising Forester
- 🌲 Forest Ranger
- 🌲 Park Ranger
- 🌲 GIS/GPS Technicians
- 🌲 Survey Technician

OUR CONCENTRATIONS

- 🌲 Forest Management
- 🌲 Wildland Fire fighting

WHERE OUR ALUMNI WORK

- 🌲 Irving Woodlands
- 🌲 Orion Timberlands
- 🌲 Maine Forest Service
- 🌲 US Forest Service
- 🌲 Seven-Islands Land Co

EXAMPLE COURSES

- 🌲 Protection
- 🌲 Forest Operations
- 🌲 Global Positioning Systems
- 🌲 Wildlife Conservation
- 🌲 Wildland Firefighter Skills

A community atmosphere, A global perspective

Many students have jobs before graduation!

Internship opportunities are available!

The Wildland Fire fighting concentration is Federally approved and is the only one in Maine!

Reduced tuition rates available for VT, RI, MA, & CT!

One of two programs accredited in New England by (SAF) Society of Foresters !

Further your Associate's by continuing on to complete a Bachelor's in Business Management, which would open more career opportunities for you, with opportunities in the area!

FEATURED ALUMNI

Richard Martin graduated in 1996, and is now a Forest Ranger for the Maine Forest Service. As a student at UMFK, Richard fulfilled his dream to play college basketball. His family is heavily into sports but especially basketball. He is one of three brothers to serve the State of Maine as Forest Rangers. With a reputation for fairness and a great personality, Richard is an exemplary ranger.

FEATURED PROFESSOR

Dave Hobbins, Professor of Forestry and Environmental Studies, is a Maine licensed forester. His areas of expertise are forest inventory, forest protection and geographic information systems (GIS). Dave's passion is teaching. He is the recipient of three teaching awards. He is an active member of the Society of American Foresters, the Maine Geospatial Education Consortium, and Maine's GIS User's Group. He is currently researching various methods to determine regional biomass resources from digital aerial photography.

FEATURED CURRENT STUDENT

Shane Lizotte says that he enjoys his "program very much as I have always aspired to working in the North Maine Woods my entire life. So far, my favorite class has been introduction to Forestry, as it covers the basics of every job in the forestry industry. When I graduate, I plan on being an employee of a logging company operating in the North Maine Woods. I am also currently interning for Irving Woodlands, working as a forester.

VIOLETTE WILDERNESS CAMP

Located near the Allagash Wilderness Waterway, the facility has bunkrooms, a full kitchen and bathroom, and a large classroom area. Small classes can be hosted here as well as in the awesome outdoor lab with thousands of acres within four miles of campus.

GIS LAB

Latest GIS software available on-campus and ArcGIS provides 3-D and image analysis!
