

FEATURED ALUMNI

My name is Kathleen (Katie) Michaud RN, BSN. I recently returned to college full-time as a nontraditional student, earning my Bachelor of Science degree in Nursing in the spring of 2011, graduating cum laude. I wish to advance my career to a family nurse practitioner in the immediate future. UMFK was an excellent choice for me as I was able to choose online studies while working in the field of Nursing, and taking care of my family. The class I enjoyed most during my course studies was Ethics and Law. I am very interested in the ethical decision making of patient treatment, and I enjoy researching law and reasons behind its importance in medicine. I currently work as an RN case manager for The Aroostook Medical Center and enjoy submitting cost-saving innovative ideas to the organization. I have been a practicing registered nurse for 16 years. UMFK's dedicated professionals are available, knowledgeable, and involved with their students' success. There were many instructors and class advisors that guided and encouraged me often. UMFK was a stepping stone when furthering my education.

FEATURED PROFESSOR

Erin Soucy is the Director of the Division of Nursing, and is an Assistant Professor of Nursing at UMFK. Her educational background comes from a M.S.N. in Nursing Education from St. Joseph College and a B.S.N. in Nursing from the University of Maine at Fort Kent. She is currently evaluating students in the affective learning domain, and is researching the use of Human Patient Simulators to enhance nursing education.
