

University of Maine at Fort Kent Presidential Search Committee

Community Update from the Chair (Update no.2)

November 2019

---

Dear Members of the University of Maine at Fort Kent Community:

We are happy to provide a brief update on the search for the next president. The position profile was developed based on campus input provided through small group and open forum meetings held earlier in the fall, an online survey, Board of Trustee and Chancellor discussions, and conversation within the search committee, which is broadly representative of the campus. The profile outlines UMFK's many strengths, lists some of the key opportunities and challenges facing the next president, and captures the experiences and qualities the committee seeks in an ideal candidate. We are happy to report that this opportunity is attracting a strong and diverse pool of candidates.

Thank you very much for your interest in this important process and if you have any questions, please do not hesitate to contact us at this address. We will update you again soon with more details as the process moves forward.

Sincerely,

Kelly Martin, Trustee

Chair, UMFK Presidential Search Committee
