Amended Report for HEERF II Quarter ended 12/31/21

Sponsor: U.S. Department of Education

Award Number: P425E201773

Award Amount: \$313,019

Report Period: 10/1/2021 - 12/31/2021

Report Date: 4/7/2022

Source and Purpose of Funds

On January 14, 2021 the Department of Education released notification that Congress approved a COVID Relief bill - which included an additional round of student emergency relief funds to be distributed to students. Under the Coronavirus Response and Relief Supplemental Appropriations Act (CRRSAA) the University of Maine at Fort Kent will be allocated \$1,353,803 from the US Department of Education (allocation referenced as HEERF II) of which \$313,019 must be used for student aid.

Eligible Students

All degree seeking students will be considered initially eligible. This cohort does not include Non Degree, Dual Credit, or Employees who receive a tuition waiver. Based on current guidance international students are still ineligible to receive these funds and are not included in this cohort. For distribution method #1, students need to be enrolled for the spring 2021 term. For distribution method #2, this current enrollment requirement does not apply.

Distribution Methodology

1) Approximately fifty percent (50%) of the Student Aid Award, a currently expected amount of \$156,175, will be distributed in two tiers of flat amounts to those who have high or moderate need as determined by the financial aid measurement Estimated Family Contribution (EFC).

Estimated Family Contribution \$0 to \$5,711: High Need: \$400 (approx. 320 students)

Estimated Family Contribution \$5,712 to \$25,000: Moderate Need, \$175 (approx. 161 students)

2) Approximately fifty percent (50%) of the Student Aid Award, an estimated \$156,844, will be awarded through a Student Affairs committee to address exceptional need as determined through an application process.

In the event final calculations vary from the intended amounts, the difference will first be adjusted between the two methods, then covered by HEERF II Institutional Funds as needed.

Disbursements to Date

| Distribution Type | Number of Students to Which Aid Has Been Distributed | Total Amount of Aid That Has Been Distributed | Amount of Funds Remaining for Disbursement |
|------------------------|--|---|--|
| Based on EFC | 481 | \$156,175 | \$0 |
| Application | 143 | \$146,719 | \$10,125 |
| Total Students Awarded | 498 | \$302,894 | \$10,125 |

All distributions to students will be made via direct deposit or check, unless specifically requested in writing to apply to student account. Because the IRS considers the HEERF student funds as a “qualified disaster relief payment”, they are not considered taxable income.

Communication to Students

- 1) For the flat (EFC) portion: Financial Aid office will send explanation of impending payment to message center. Payments will be made via check or direct deposit.
- 2) For the Application portion there are two documents:
 - a) Letter distributed from President’s Office to students:
