Andrew Egan, Ph.D.

PO Box 282 | Fort Kent | Maine | USA | 04743 | ph: 505-429-0631 | email: andrew.egan@maine.edu

Education

- Ph.D. Forest Resources, Ph.D. Minor, Statistics, The Pennsylvania State University, University Park, PA. Areas of study: Forest Science; Statistics
- M.S. Natural and Environmental Resources Forest Resources, University of New Hampshire, Durham, NH. Area of study: Silviculture
- B.S. Psychology, Fairfield University, Fairfield, CT

Relevant professional Experience: Summary

Before entering a career in academia, Dr. Andrew Egan was a full-time New Hampshire logger and later a full-time forester. Egan has been tenured on the forest science faculties of the University of Maine (Associate Professor) and Laval University (Québec; professeur titulaire (full professor)), where he was a Canada Industrial Research Chair designee in forest operations. Later, following a trajectory of increasing administrative responsibilities, he held positions as Dean of the School of Forestry and Natural Resources at Paul Smith's College, Executive Director of the New Mexico Forest and Watershed Restoration Institute, Dean of the Faculty of Science at Brandon University (Manitoba, Canada), and Head of Campus/Vice-President Academic in the Penn State and University of Maine systems. In all of his administrative roles, he has developed significant and effective leadership, strategic planning and budgeting and fund-raising experience.

In addition to his current responsibilities as Professor and Dean of Arts and Sciences at the University of Maine at Fort Kent, he is adjunct professor, Department of Environmental Science, Central Luzon State University, the Philippines, where he has taught online graduate courses in Environmental Statistics and Forest Science in 2024 and 2025. He also serves on the advisory committees of several graduate students at the Institute of Forestry in Nepal and at Central Luzon State University. He has been recognized for his teaching with the Outstanding Faculty Award, Society of American Foresters Student Chapter, University of Maine (1999) and the G. Pierce and Florence Pitts Webber Outstanding Forestry Teacher Award (2003).

Egan has worked with students and partners from a variety of backgrounds, including Native American and international students and colleagues. During seven USAID-sponsored postings at the Escuela Ambiental in the Dominican Republic, he collaborated with Dominican colleagues on rural economic development in the forestry sector. He has been engaged in higher education internationally as a Peace Corps Response volunteer at the Forestry Training Institute in Liberia (2017-18) and later with the Department of Environmental Science, Central Luzon State University, the Philippines (2019-20). While a Peace Corps Response volunteer, he co-founded *The Gola Foundation (thegolafoundation.org)*, which supports the education of disadvantaged youth in Tubmanburg, Liberia. He has been awarded two Senior Fulbright Scholarships (July – January 2004; May – January 2022) to teach and conduct research at Nepal's Institute of Forestry. While in

Nepal, he was awarded a South and Central Asia Regional Travel Program grant to partner with forest science colleagues at the Kazakh Agrotechnical University (Seifullin University) in Astana, Kazakhstan. The travel grant was administered through the United States-India Educational Foundation in New Delhi. Domestically, Egan has developed partnerships with Aboriginal communities in the US, particularly among Navajo bands in New Mexico, that have helped to stimulate economic growth and job development in watershed restoration.

The author of over one hundred peer-reviewed and technical publications, Egan's research has focused on the interactions between silviculture and forest operations, woods labor in the forestry sector, and the socio-economic dimensions of watershed restoration. He has presented his research during conferences across North America and abroad, including Croatia, China, Nepal, Kazakhstan, and France. He was an associate editor for two forest science journals: the *Journal of Forestry* and *Northern Journal of Applied Forestry*. Egan has published two books: *Adirondack Hard Times* (2021; The History Press), about power and politics in New York State's Adirondack Mountains; and *Haywire* (2022; University of Massachusetts Press), about the challenges facing Maine's forest products industry.

Professional Experience

August 2023 - present: Professor and Dean, Arts and Sciences, University of Maine at Fort Kent.

August 2021 – July 2023: Professor, Department of Forest Resources, Abraham Baldwin Agricultural College.

May – January 2022: Senior Fulbright Scholar (research and teaching), Institute of Forestry, Nepal.

September 2019 – March 2020: Peace Corps Response Volunteer, Department of Environmental Science, Central Luzon State University, Munoz, Philippines

[NOTE: In March 2020, all Peace Corps volunteers were evacuated from sites worldwide due to the coronavirus pandemic.]

August 2018 – August 2019: Head of Campus and Vice-President Academic, University of Maine at Machias.

[NOTE: I departed UMaine Machias to take advantage of a Fulbright Scholar award to teach and conduct research with colleagues at the Institute of Forestry in Nepal which was to have begun in August 2020 (due to the pandemic departure was later postponed to May 2022). I took on a Peace Corps Response posting to fill the gap between my resignation and the intended start of the Fulbright Scholarship.]

September 2017 – August 2018: Peace Corps Response Volunteer, Forestry Training Institute, Tubmanburg, Liberia.

February 15, 2016 - April 30, 2017: Chancellor, Penn State Greater Allegheny.

August 1, 2014 – July 2016: Acting Associate Vice President for Research, Brandon University, Brandon, Manitoba, Canada.

June 1, 2013 –2016: Tenured Professor and Dean, Faculty of Science, Brandon University, Brandon, Manitoba, Canada.

July, 2010 – May 31, 2013: Executive Director, New Mexico Forest and Watershed Restoration Institute, New Mexico Highlands University.

July, 2007 – July, 2010: Dean and Professor, School of Natural Resources, Paul Smith's College, NY, USA. During that time I was also elected Associate Graduate Faculty and Faculty Associate, Department of Forest Management, University of Maine, Orono, Maine and professeur associé, Département des sciences du bois et de la forêt, Université Laval, Québec, Canada.

January, 2005 – July, 2007: Tenured Professor (professer titulaire) and Canada Industrial Chair designee, Département des sciences du bois et de la forêt, Université Laval, Québec, Canada.

July, 2004 – January, 2005: Senior Fulbright Scholar (teaching and research), Institute of Forestry, Pokhara, Nepal.

January, 1998 – August, 2004: Tenured Associate Professor of Forest Resources and Coordinator of the Forest Engineering Program, Department of Forest Management, University of Maine, Orono, ME.

July, 1994 – *December,* 1997: Assistant Professor of Forest Harvesting and Coordinator of the Forest Engineering Program, Division of Forestry, West Virginia University, Morgantown, WV.

May, 1993 – June, 1994: Assistant Professor of Forest Resources, Mississippi State University, Starkville, MS.

August, 1985 – July, 1990: Assistant Professor of Forestry and Forest Technician Program Coordinator (1986-1990), Paul Smith's College, Paul Smiths, NY.

August, 1984 – August, 1985: Forester, O'Brien Forestry, Orford, NH and Wagner Woodlands, Lyme, NH.

September, 1983 – August, 1984: Landowner Assistance Forester, Kearsarge Sawmill and Lumber Co, Warner, NH. (forestry staff was disbanded when the mill burned)

August, 1980 – August, 1983: Logger (timber felling, skidder and feller-buncher operation), Bickford Logging Co., South Tamworth, NH.

May, 1978 – *July* 1980 (summers and winter): Forest technician, Glastenbury Timberlands, Bennington, VT.

Teaching and Curriculum Development

I have taught most courses found in a forestry curriculum at the associates and bachelor and some at the graduate level. I have been an external program reviewer for natural resources programs at the University of New Brunswick and Green Mountain College (Vermont), as well as at the School

of Agriculture and Natural Resources at Abraham Baldwin Agricultural College (Georgia) and the Institute of Forestry (Nepal). In addition to the ongoing development and improvement of higher education forestry programs that I managed as Director of the New Mexico Forest and Watershed Restoration Institute, Forestry Dean at Paul Smith's College, and Forest Operations Program Coordinator at the University of Maine and West Virginia University, I led the development and initiation of the following new academic programs:

- B.S. in Forest Operations Science, University of Maine (2003); accredited by both the SAF and SWST
- B.S. in Sustainability Studies, Paul Smith's College (2009)
- Three two-year curricula (mencions) for the Escuela Nacional de Medio Ambiente y Recursos Naturales in Jarabacoa, Dominican Republic (2010)
- Twelve-credit Certificate in Forest Restoration, New Mexico Highlands University (2012), designed primarily for the Navajo communities with whom we were working.
- Master of Science in Environmental and Life Sciences, Brandon University (2013)
- Two-year curriculum, *Técnico en Manejo de Recursos Naturales*, Escueal Ambiental, Jarabacoa, Dominican Republic (2015)
- Two-year curriculum in forestry, Escuela Ambiental, Jarabacoa, Dominican Republic (2016)
- Associate's degree in Wildlife Management, Forestry Training Institute, Tubmanburg, Liberia (2018)
- Bachelor of Science in Forest Management, University of Maine at Fort Kent (2025)
- Bachelor of Science in Wildlife Management, University of Maine at Fort Kent (2025; proposed) (with Dr. Stephanie Landry)

Publications

I have authored over 100 scientific and technical papers. Peer-reviewed journals in which I have published include: *Ecological Restoration, Journal of Forestry, Plant Disease, International Journal of Forest Engineering, Photogrammetric Engineering and Remote Sensing,* and *Society and Natural Resources*. My research has been applied and focused on the interactions between silviculture and the environment; the forest industries of the northeast US and Québec; and the socioeconomic and ecological dimensions of watershed restoration in the southwest US. Among my more recent peer-reviewed publications, I and co-authors have investigated the impacts of harvesting on soil physical properties, residual stands, and aesthetics; the development of indicators for restoration and hazardous fuel reduction projects; and characteristics of and challenges faced by the forestry sector of the Northern Forest region and Québec. I have recently published two books: *Adirondack Hard Times* (2021; The History Press) and *Haywire* (2022; University of Massachusetts Press; peer-reviewed).

Editorships

Egan, A. 1994. Editor, Proceedings of the Annual Meeting of the Southern Regional Council on Forest Engineering, Vicksburg, MS. March 15-17, 1994.

Egan, A. 2003. Editor, Proceedings of the Council on Forest Engineering Annual Meeting. Orono, ME. August, 2003.

Associate Editor – Forest Engineering:

- *Journal of Forestry (1997-2005)*
- Northern Journal of Applied Forestry (1997-2001)

Guest Associate Editor (Harvesting and Utilization) for the *Southern Journal of Applied Forestry*, 2003.

Presentations

Invited university guest lecturer and conference presentations

I have given 41 university guest lectures and oral presentations at both national and international conferences. A sample of these follows:

Egan, A. 2008. Farm woodlots in northern New England. IUFRO meeting on Small-scale Rural Forest Use and Management. Gérardmer, France June 23, 2008.

Egan, A. 2009. Forestry in the US. Presented to graduate students at UNPHU, Santo Domingo, Dominican Republic. October, 2009. *Invited lecturer*.

Egan, A. 2008. Watershed level challenges. USDA Forest Service Workshop on Mechanical Fuels Treatment, Memphis, TN. February 4-8, 2008. *Invited speaker*.

Egan, A. 2009. Aesthetic preferences for logging-in-progress. International Union of Forest Research Organizations (IUFRO) Conference, Nanjing, China. Nov. 3-5.

Egan, A. and V. Estrada. 2011. Socio-economic indicators for forest restoration projects: A Delphi study. Collaborative Forest Restoration Program meeting, April 6-8. Santa Fe, NM. *Invited speaker*.

Egan, A. 2011. Forest and watershed restoration. Delivered to (1) Ministry of the Environment rangers (March 8) and (2) Escuela Ambiental students (March 10), Jarabacoa, Dominican Republic. *Invited speaker.*

Egan, A. 2011. Socio-economic indicators for watershed restoration projects. Delivered to workshop participants (March 7), Jarabacoa, Dominican Republic. *Invited speaker*.

Egan, A. 2102. Socio-economic indicators for forest restoration projects. Presentation for 4FRI, Flagstaff, AZ. *Invited speaker*.

Egan, A. 2012. Partnering for healthy watersheds. Northeast New Mexico Water Summit. Oct. 30, 2012. *Invited speaker.*

Egan, A. and K. Reid. 2012. Restoration-based economic development: The Alamo Navajo Initiative. Annual Convention of the Society of American Foresters, Spokane.

Webinars produced and presented (invited)

Egan, A. 2009. Conserving soil and water resources. Invited by Cornell University. Presented on June 15, 2009. Attendance: 99 web-participants.

Egan, A. 2009. Harvesting where the people are: Postharvest and logging-in-progress aesthetics. Invited by Cornell University. Presented on November 18, 2009.

Egan, A. and V. Estrada-Bustillo. 2011. Socio-economic indicators for forest restoration. Invited by the National Forest Foundation, Portland OR. Presented on September 22, 2011. Attendance: 75 web-participants.

Egan, A. and V. Estrada. 2012. Watershed condition framework: Socioeconomic performance measures (for the CFLRP). Invited webinar hosted by the National Forest Foundation. January 6, 2012.

Egan, A. 2022. Several seminars while with the Institute of Forestry in Nepal on topics such as political ecology, forestry labor, and project management.

Egan, A. 2022. Forest management in the United States. Seifullin University, Astana, Kazakhstan. December 2022.

Service to the Community

I have performed numerous services to professional and local communities. A listing of some of the more relevant of these contributions follows:

- Invited member of the Quality Assurance Review Team, reviewing the Forestry and Environmental Management Faculty at the University of New Brunswick, Fredericton. April 7-8, 2004.
- 1997-2001: Member of the Certification Review Board (CRB), a national SAF committee that meets each year in Washington, DC:
 - Chair of the Professional Review Committee, CRB;
 - Member of the Continuing Education Committee, CRB.
